SPECIAL FEATURES

- Disposable full body Type 5/6 coverall with elasticated wrists, legs and waist, hooded with a concealed HDPE zipper front.
- Protects the user from noxious fine particles and light sprays or splashes of liquid chemicals.
- Non-linting, ideal for protecting the environment from contamination by the user.
- Soft and breathable, without reducing protection.

SUGGESTED ENVIRONMENTS

Food and pharmaceutical environments, painting and spraying, chemical washing, risk from chemical agents, medical, asbestos removal, clean room environments.

WARNINGS

- This garment will not protect the face or respiratory system of the user – please also use protective eyewear, gloves, boots and dust mask or other respiratory protection, depending on the hazards that are present.
- Perform a visual inspection of the garment to ensure there are no cuts, holes or tears that would result from abrasion, as this would reduce the effectiveness of the garment.
- Limited use only – the garment cannot be laundered.
- Please assess the potential risks in the environment first, and consult with a Health & Safety expert, if you are unsure as to the level of protection required.
